INTEGRATION OF IMMIGRANTS IN SMALLER COMMUNITIES

Kathy Burnett – Manager Online & IT

Alternative Delivery Methods

ISANS is integrating the appropriate use of technology into effective service delivery for newcomers that supports convenience, high quality learning and customization to clients.

Currently using appropriate technology that maximizes access and minimizes barriers to ISANS programs and services for all newcomers... regardless of their geographic location.

Beyond Boundaries...

- Rural
- Urban
- Post-arrival
- Pre-arrival

Opportunities for settlement organizations across Canada to deliver post-arrival communication and pre-employment training to immigrants who are in their communities.

SOPA

Arrive prepared.

A partnership of settlement agencies across Canada using a common platform and proven pre-employment and workforce integration tools dedicated to the economic integration of immigrants

Immigrants are integrating faster

- 100% are **more connected** to local settlement agencies
- 100% are **more prepared** for applying for work
- 100% **feel better prepared** to actively integrate themselves in the workplace
- 99% are **more knowledgeable** about the labour market
- 99% feel their resume and cover letter are now **more effective**
- 100% are **more knowledgeable** about their community
- 99% say their language skills **improved**

Thank you!
