I. The London & Middlesex Local Immigration Partnership: (LMLIP)

The London & Middlesex Local Immigration Partnership (LMLIP), was established in September 2009 with funding from Immigration, Refugees and Citizenship Canada (IRCC). It is supported by the Association of Municipalities of Ontario.

The London & Middlesex Local Immigration Partnership mobilizes the community to plan and coordinate enhanced delivery of integration services to **all** immigrants.¹

We are grateful to our volunteers who contributed 4804 hours of their time to implement the priorities identified in the Annual Implementation Plan for 2018-2019.

LMLIP continues to engage our community with all its sectors including immigrants with lived experience to find local solutions for issues that impede the integration of immigrants.

In this reporting year, LMLIP with the support of the Thames Valley District School Board, presented to students in the elementary schools to engage them on welcoming all. LMLIP also engaged the seniors in our community, in the conversation on welcoming immigrants, by presenting for the first time at the Kiwanis Seniors Centre. Also this year, our faith institutions participated in the *All Are Welcome Here* message campaign during the week of December 10, 2018, to celebrate the United Nations' Human Rights Day. The *All Are Welcome Here* message was displayed for the week at six faith institutions.

Our webpage received 3,688 visits with 3,100 unique visits (compared to 3004 last year). As a conduit of information for settlement and non-settlement needs, we shared information on 511 job opportunities and 66 engagement opportunities in this reporting period.

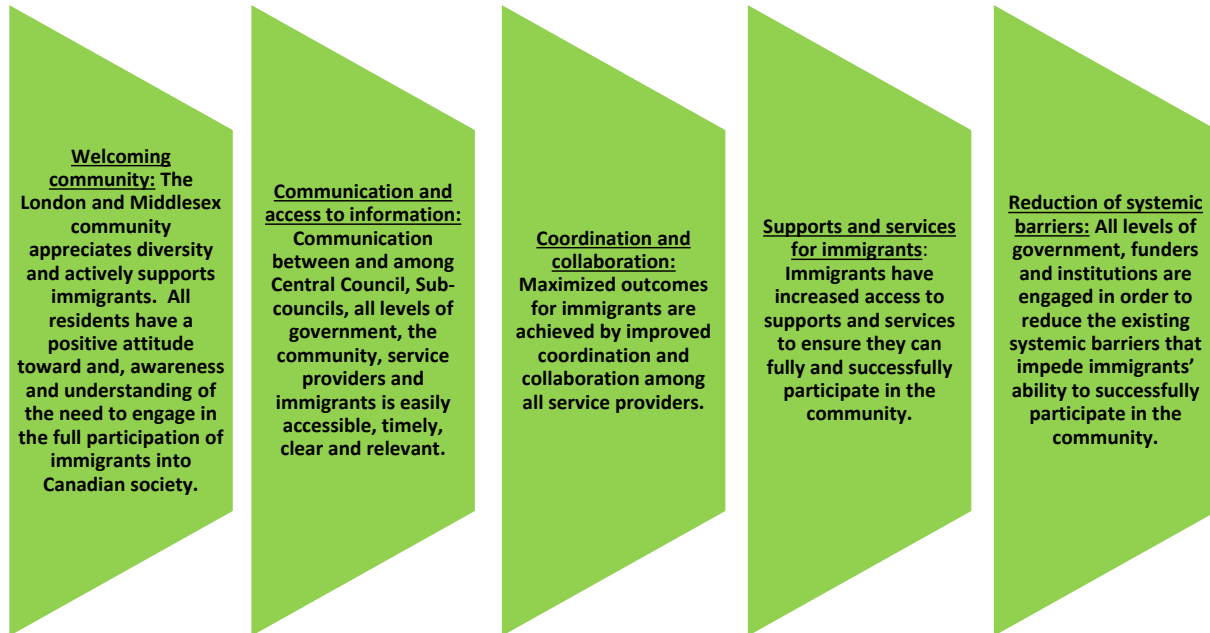

Our social media platforms demonstrated an increase in followers and likes. LMLIP Facebook received 301 likes (an increase by 67); Twitter's followers increased from 966 to 1073; our acts of welcome website received close to 900 acts of welcome.

This report highlights the work accomplished by our community between April 1, 2018 and March 31, 2019.

¹ For the purposes of the LMLIP, an immigrant is identified as any individual who defines themselves as an immigrant; this includes but is not limited to: Canadian Citizens, Permanent Residents, Convention Refugees, Temporary Residents and individuals with no immigration status.

II. Our Community's Strategic Priorities

LMLIP Central Council and the six issue specific Sub-councils continue to be guided by the five overarching priorities as outlined in the current Strategic Plan:

The following projects and events have been coordinated, facilitated, and/or hosted by the LMLIP under the identified overarching themes to raise awareness of services, connect immigrants, support the work of the settlement sector and inform the receiving community of the needs of newcomers. Some highlights from last year:

III: Our Ongoing Commitment

LMLIP Central Council and the Sub-councils will draft the first annual implementation plan from the fourth Strategic Plan 2019-2022 and work on their identified projects in the coming year. LMLIP will continue to count on the generous contributions of volunteers, their supportive organizations and service providers as well as interested citizens from the receiving and immigrant communities, to implement the community's identified needs.

LMLIP will continue its message of mobilizing the community and multi-sectors to coordinate their efforts to support the integration process of immigrants.

IV: Conclusion

As we embark on the fourth *LMLIP Strategic Plan 2019-2022*, we are hopeful that our community will continue its engagement on the LMLIP to advance the community's priorities. We will continue to engage residents and service providers in finding ways to create a more welcoming environment where everyone thrives.

We will continue to engage residents in our *All Are Welcome Here* campaigns and reach out to all sectors including the indigenous communities and faith institutions to inform and learn from. A successful community is everyone's success.
