1

INTRODUCTIONS

Abigail Lim BScN, RN
Case Manager
CARE Centre for Internationally Educated Nurses

Natalie Leventhal MSW, RSW
Knowledge Broker
Centre for Aging + Brain Health Innovation

2

INTRODUCING LIPHA

**An evidence-based,
serious simulation game world
for healthcare education.**

3

LIPHA LEARNING OBJECTIVES

1. Gain knowledge relating to the specific areas of geriatric care: age-related changes, and dementia and responsive behaviours
2. Effectively understand and demonstrate key values relating to long-term care practice including: person-centred care, and compassionate communication
3. Apply role-specific skills to geriatric care scenarios

5

LONG-TERM CARE SECTOR & IENs

- IEN nurses may have preconceived notions of nursing in North America
- LTC may not exist in their HC system
- Many placements pre-registration in Ontario are in LTC
- LTC sector experiencing a critical nursing shortage

Supporting Nurses Back into Practice

6

INNOVATIVE EDUCATIONAL SOLUTIONS

- ★ IENs earn a certificate of completion and a CanCred badge for future employment
- ★ Introduces evidence-based competencies and resources
- ★ Delivered through a virtual game world that engages learners
- ★ Enables responsive, agile and flexible learning

7
